

## **JURUPA COMMUNITY SERVICES DISTRICT PARKS SUPERVISOR**

*Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are **not** intended to reflect all duties performed within the job.*

### **DEFINITION**

Under limited supervision, plans, organizes, administers and directs the operations and maintenance of the District's parks and reverse frontages facilities and functions, which include potable and non-potable water irrigation systems, construction activities, and inspections.

### **CLASS CHARACTERISTICS**

This position reports to the Director of Parks and Recreation and is responsible for the direct supervision of parks maintenance crews; and contracted maintenance crews activities. The incumbent exercises daily supervision over the assigned field personnel and coordinates the work of multiple crews.

### **ESSENTIAL FUNCTIONS**

*The duties listed below are intended only as illustrations of the various types of work that may be performed. The omission of specific statements of duties does not exclude the position if the work is similar, related or a logical assignment to the class.*

These functions may not be present in all positions in multiple position classes. When a position is to be filled, the essential functions will be noted in the announcement of position availability.

Provide direct supervision, as needed, of the overall work effort of parks maintenance staff to ensure goals and objectives are being met.

Supervise, train, evaluate, and review the work of the construction and maintenance staff responsible for construction, operation, and repair of various park facilities, related items including buildings, grounds, and reverse frontages with public right-of-way.

Participate in the selection of staff; provide or coordinate staff training; promote a positive and productive work environment; work with employees to correct deficiencies; implement disciplinary procedures; generate and administer annual employee performance evaluations.

Assist the Operations Manager and Administrative Manager in the development and implementation of goals, objectives, policies and priorities of the field operations.

Assist in the coordination and review of the work plan for the park field operations; meet with staff to identify and resolve problems; review and evaluate work products, methods, and procedures. Review findings with the Operations Manager, and as needed the Administrative Manager, and implement appropriate changes as directed.

Implement and monitor weekly workload planning activities; review and approve timesheets and vacation/request for time off forms for assigned staff.

Establish schedules and methods for providing systems operations, emergency repair procedures, on-call staffing, and predictive preventive maintenance programs.

Coordinate the work effort related to the operations and maintenance of various parks, onsite pipelines and irrigation systems associated with potable and non-potable irrigation systems, timers and play field lighting.

Report significant operation problems and recommendations for resolution to the Operations Manager. In emergencies, the Parks Supervisor has the authority to take corrective actions where such actions are deemed essential to public safety and continued service to the District's customers.

Supervise inventory control of the park operations equipment and materials, review purchase order and work order requests.

Enforce all safety regulations ensuring employees are properly trained, safe work methods are followed, and appropriate safety precautions and equipment are utilized.

Review with subordinate staff parks operations data and assist in the implementation of changes needed to meet federal, state and local requirements, review drawings of proposed new facilities and make recommendations for upgrades.

Provide direct assistance to the Operations Manager and Administration Manager in the preparation of the capital and activities budget for the park operations.

Coordinate directly or through subordinates the efforts of the vehicle maintenance program; monitor efficiency and report deficiencies to the Operations Manager.

New facility and tract landscaping within public right-of-way inspections and make recommendations on acceptance of various landscaping installations.

Must carry and operate a pager at all times and report to work as necessary to resolve problems.

Operate a District vehicle and maintain a good driving record.

#### REQUISITE ABILITIES

- a. Communicate clearly and concisely, both orally and in writing.
- b. Keep accurate records.
- c. Select, supervise, train and evaluate staff.
- d. Read and interpret technical drawings, diagrams, atlas maps, charts, gauges and specifications; provide constructive input relating to new construction of park pipelines and facilities.
- e. Understand and ensure the proper operation of various tools and equipment including computers, heavy field equipment, and hand and power tools.
- f. Analyze problems, identify alternative solutions, project consequences of proposed actions, and implement recommendations in support of goals.
- g. Interpret and explain District policies and procedures.
- h. Prepare clear and concise oral and written reports and cost estimates for time, materials and equipment.
- i. Establish and maintain effective working relationships with those contacted in the course of work including District staff, maintenance landscape contractors, government officials, community groups, and the general public.
- j. Respond to emergency and problem situations in an effective manner.
- k. Understand and follow verbal and written directions
