United Lift is a rental assistance program for residents in Riverside County that is administered by the non-profits Inland SoCal United Way and Lift to Rise. The program was initially launched in the summer of 2020 with funding by the CARES Act, as well as Community Development Block Grant funding. In February 2021, the Riverside County Board of Supervisors voted to allocate additional federal funds to launch a second round of the program.

Founded in 1956, the Jurupa Community Services District is a public governmental agency which provides services and programs to the cities of Jurupa Valley and Eastvale. It is governed by a Board of Directors comprised of five elected representatives from both cities. Serving over 130,000 people in a 40-square-mile area, JCSD provides a variety of community services and programs including water, sewer, street lights, frontage landscape maintenance, graffiti abatement, and parks and recreation services.
