Eastvale Community Park Rehabilitation Project

Eastvale, CA (June 15, 2017) – Immediately following this year’s *Picnic in the Park* event, on June 26th, the Jurupa Community Services District’s (JCSD) Parks and Recreation Department will be initiating an extensive rehabilitation project to improve turf conditions at Eastvale Community Park (ECP). The ECP rehab project is expected to last 90-120 days, with a tentative completion date set for October 14th. During this rehab period the functional turf areas (athletic fields) will be unavailable for maintenance work and to provide time for the turf to grow in.

The Eastvale Community Park restrooms, trail, and parking lot **will remain open** during the rehab project. Turf areas will be fenced to prevent unauthorized access during this maintenance period. Local sports user groups have been notified and plans have been made to accommodate leagues at other JCSD park facilities.

If you have any questions, please call the JCSD Parks and Recreation Department at (951) 727-3524 or visit our website at www.parks.jcsd.us.

About JCSD

Founded in 1956, the Jurupa Community Services District is an independent local government agency, governed by a five-member, elected Board of Directors. JCSD serves more than 107,000 people in a 48-square-mile region of western Riverside County that encompasses the city of Eastvale and a significant portion of the city of Jurupa Valley. JCSD provides a variety of critical services such as water, sewer, frontage landscape and street light maintenance, and graffiti abatement. JCSD also provides park maintenance and recreation program services throughout most of the city of Eastvale. For more information, visit our website at www.jcsd.us.
